

# Caught By Surprise – Laban

Lookin' around, I've been waitin'  
To see the magic that a love can do, ooh  
I never saw it, I never discovered  
Just what it meant 'til I ran into you  
Fallin' in love, what good could it do me?  
I saw my friends go crazy one by one  
But I was wrong 'cause now that you've got me  
It feels like livin's only just begun  
Take it easy, just let it happen  
Come on and let us give it a try  
Fast as lightnin' that hit us from a clear  
Blue sky  
(Cause I'm feelin')  
Caught by surprise  
How was I to believe my emotions would leave  
Me?  
Caught by surprise  
Am I right when I say you will never deceive  
Me (deceive me)?  
I love you  
Or at least that's what think I do  
'Cause I never did feel this way before  
It's the first time around and you've got me  
(by surprise)  
Afraid of love, that's what we're used to  
Easy comin' and easy go, ooh  
Give it up, I wanna be with you  
But I guess that you already knew  
We are somethin', together we're magic  
I'm always lovin', don't ask me why  
Fast as lightnin' that hit us from a clear  
Blue sky  
(Cause I'm feelin')  
Caught by surprise  
How was I to believe my emotions would leave  
Me?

Caught by surprise

Am I right when I say you will never deceive

Me?

Caught by surprise

How was I to believe my emotions would leave

Me?

Caught by surprise

How was I to believe my emotions would leave

Me?

Caught by surprise

Am I right when I say you will never deceive

Me?
