

# Hypotheticals – Lake Street Dive

Obviously,  
We're at the beginning of something  
I don't expect you to know how it's gonna go  
But I believe we might be onto something  
And I just thought maybe you should know  
I've been  
Playing out a lot of hypotheticals in my mind  
I've been writing your name down next to mine  
Been imagining all the things  
You and I could do  
I've seen all the possibilities in my dreams  
You're alone  
When you should be livin' next to me  
Baby, let's not wait and see  
Immediate action is unnecessary  
It's a fatal attraction, it's a little scary  
But I got a plan of attack  
And I'll get us there someday soon, I know it  
I got a Plan A, and I got a Plan B  
And if it's absolutely necessary,  
We'll go to Plan C  
Whatever I gotta do to be with you  
I've been playing out a lot of hypotheticals  
In my mind  
I've been writing your name down next to mine  
Been imagining all the things  
You and I could do  
I've seen all the possibilities in my dreams  
You're alone  
When you should be livin' next to me  
Baby, let's not wait and see  
Nobody can see into the future  
Even the weatherman gets caught  
In the rain sometimes  
But I see something in you  
That I've never seen before

And I can't be sure, no, maybe not  
But I think it's worth a shot  
Hypothetically, yes  
Theoretically, forever  
We'll see what happens  
But I hope we will never be apart  
Hypothetically, yes  
Theoretically, forever  
We'll see what happens  
But I hope we will never be apart  
Oh, hypothetically, yes  
Theoretically, forever  
We'll see what happens  
But I hope we will never be apart  
Oh, hypothetically, yes  
Theoretically, forever  
We'll see what happens  
But I hope we will never be apart  
I've been  
Playing out a lot of hypotheticals in my mind  
(Playing out a lot of hypotheticals)  
I've been writing your name down next to mine  
(I've been writing  
Your name down next to mine)  
Been imagining  
All the things you and I could do  
I've seen all the possibilities in my dreams  
(all the possibilities)  
You're alone  
When you should be livin' next to me  
(oh, yeah)  
Baby, let's not wait and see
