

# The Chamber – Lenny Kravitz

You killed the love that was once so strong  
With no regret to what you did wrong  
Should I stay and fight?  
Can we make this right?  
You looked through me like an open door  
Do I exist to you anymore?  
Cause when I'm talking to you  
There's someone else that you're hearing  
I gave you all the love I had  
And I almost gave you one more chance  
Then you put one in the chamber  
And shot my heart of glass  
This time will be the last  
You played your game, used me like a pawn  
Check mate you're done and then you were gone  
Did I move too fast?  
I thought we would last  
Now that you're through I can feel your soul  
Where there was love lies an empty hole  
Cause when I make love to you  
It's someone else that you're feeling  
I gave you all the love I had  
And I almost gave you one more chance  
Then you put one in the chamber  
And shot my heart of glass  
This time will be the last  
I gave you all the love I had  
And I almost gave you one more chance  
Then you put one in the chamber  
And shot my heart of glass  
This time will be the last  
So many nights  
I've been standing at the wall  
Blind folded with cigarette  
Waiting for the fall  
I gave you all the love I had

And I almost gave you one more chance  
Then you put one in the chamber  
And shot my heart of glass  
This time will be the last  
I gave you all the love I had  
And I almost gave you one more chance  
Then you put one in the chamber  
And shot my heart of glass  
This time will be the last  
I gave you all the love I had  
And I almost gave you one more chance  
Then you put one in the chamber  
And shot my heart of glass  
This time will be the last
