

# Light Me Up feat. Lukas Meijer – Gromee

A part of me  
Is feeling weak  
I took a chance  
But now it feels so hard to breathe  
A leap of faith  
Now haunting me  
What happened to the words  
It's always you and me  
I wanna feel alive  
When I'm running through my life  
So help me to ignite  
This spark I feel inside  
So help me now  
Light me up  
Light me up now, baby  
Light me up  
Tell me where to go  
Light me up  
Light me up now, baby  
Light me up  
And tell me where to go  
Tell me where to go  
And tell me where to go  
Tell me where to go  
I'm fading now  
Of real life  
Misguided by the way  
They say I have to live  
So bring me back  
Back to the place  
Where my heart  
Can finally reveal its face  
I wanna feel alive  
When I'm running through my life  
So help me to ignite  
This spark I feel inside

So help me now  
Light me up  
Light me up now, baby  
Light me up  
Tell me where to go  
Light me up  
Light me up now, baby  
Light me up  
And tell me where to go  
Tell me where to go  
And tell me where to go  
Tell me where to go  
Light me up  
Light me up now, baby  
Light me up  
Tell me where to go  
Light me up  
Light me up now, baby  
Light me up  
And tell me where to go
