

# Fucked Up – lil peep

Fucked up, yeah  
Girl, you got me fucked up, yeah  
I ain't gonna lie, I'ma keep it real  
I don't wanna tell you how I feel  
I just wanna get you to my room  
We can do whatever that we wanna do  
Rip my shirt, kiss my neck  
Throw me on the floor girl, make me sweat  
Scratch my back, make me bleed  
I could be whatever that you want me to be  
I could do whatever that you wanted from me  
Want a little blow, I can get it for free  
Want a little dough, you can get it for free  
Haven't been home in a minute,  
I've been fucked up  
I've been all the way fucked up  
Girl, you got me fucked up  
One chance and I fucked it up  
I was fucked up  
Baby, I've been fucked up  
Girl, you got me fucked up  
One chance and I fucked it up  
I was fucked up  
Baby, I've been fucked up  
I ain't gonna lie, I'ma keep it real  
I don't wanna tell you how I feel  
I just wanna get you to my room  
We can do whatever that we wanna do  
Rip my shirt, kiss my neck  
Throw me on the floor girl, make me sweat  
Scratch my back, make me bleed  
I could be whatever that you want me to be  
I could do whatever that you wanted for me  
Want a little blow, I can get it for free  
Want a little dough, you can get it for free  
Haven't been home in a minute,

I've been fucked up  
I've been all the way fucked up  
Girl, you got me fucked up  
One chance and I fucked it up  
I was fucked up  
Baby, I've been fucked up  
Girl, you got me fucked up  
One chance and I fucked it up  
I was fucked up  
Baby, I've been fucked up
