Change – Lisa Stansfield

I could change the way I live my life today I wouldn't change a single thing 'Cos if I changed my world into another place I wouldn't see your smiling face

Honey don't you worry, there's nothin' to worry for 'Cos if I didn't love you I wouldn't here now And if I didn't want you I would turned around by now

You've got to believe me babe, I love you so 'Cos if I didn't love you I would turned around And if I didn't want you, then I would want you out

This love, this love has filled me up Ooh my love I'll never give you up 'Cos I'll always want your love

If I could change the way I live my life today I wouldn't change a single thing 'Cos if I changed my world into another place I wouldn't see your smiling face

Believing is the answer, the answer to all your fears When I first said I loved you, I went in for the kill Now when I say I love you, I mean I always will

This love, this love has filled me up Ooh my love I'll never give you up 'Cos I'll always want your love

If I could change the way I live my life today I wouldn't change a single thing

'Cos if I changed my world into another place I wouldn't see your smiling face If I could change the way I live my life today I wouldn't change a single thing 'Cos if I changed my world into another place I wouldn't see your smiling face
