

3 AM feat. Nick Holmes – Liv Kristine

I can find no sleep
I never sleep at night
I stop counting sheep
I can see their eyes
And the lights will shine tonight
A fly's been watching me
A million dogs arrive
Some will cover me
Some choose to bite
And the lights will shine tonight
And the lights will shine tonight
Then I will come to life
I will come to life
I will come to life
Won't you come with me
I can ease your mind
Dreams, thoughts, fantasies
Keep rushing by
And the lights will shine tonight
I can find no sleep
I never sleep at night
All those pretty sheep
Sit mesmerized
And the lights will shine tonight
And the lights will shine tonight
Then I will come to life
I can guarantee that
I will come to life
I can guarantee that
Then I will come to life
I can guarantee that
I will come to life
