

# Overcome – Live

Even now the world is bleedin'  
But feelin' just fine all numb  
In our castle where we're always free  
To choose never free enough  
To find I wish somethin' would break  
Cause we're runnin' out of time  
And I am overcome  
I am overcome  
Holy water in my lungs  
I am overcome  
These women in the street  
Pullin' out their hair  
My master's in the yard  
Givin' light To the unaware  
This plastic little place  
Is just a step amongst the stairs  
And I am overcome  
I am overcome Baby  
Holy water in my lungs  
I am overcome  
So drive me out, out to that open field  
Turn the ignition off  
And spin around  
Your help is here  
But I'm parked in this open space  
Blockin' the gates of love  
I am overcome  
I am overcome  
Holy water in my lungs  
I am overcome  
Beautiful drowning  
This beautiful drowning  
This holy water  
This holy water  
Is in my lungs  
I am overcome

I am overcome  
I, I, I am overcome  
I am overcome
