I'd Love You To Want me - Lobo

When I saw you standing there About fell off my chair And when you moved your mouth to speak I felt the blood go to my feet Now it took time for me to know What you tried so not to show But something in my soul just cry I see the want in your blue eyes Baby, I'd love you to want me The way that I want you The way that it should be Baby, You love me to want you The way that I want to If you only let it be You told yourself years ago It never let your feelings show The obligation that you made For the title that they gave Baby, I'd love you to want me The way that I want you The way that it should be Baby, You love me to want you The way that I want to If you only let it be Now it took time for me to know What you tried so not to show But something in my soul just cry I see the want in your blue eyes Baby, I'd love you to want me The way that I want you The way that it should be Baby, You love me to want you The way that I want to If you only let it be Baby, I'd love you to want me The way that I want you

The way that it should be Baby, You love me to want you The way that I want to If you only let it be
