

Don't Break My Heart – LoM!Xmusic

Lonely nights I call your name
In my dreams it feels the same
Golden days but now they're gone
Tell me girl what went wrong
Oh love can last forever
If you stay with me
Hold me close, don't leave me
Love is all we need
Don't break my heart
Don't say goodbye
Stay with me don't let us die
With a little hope we'll find a way
Take my hand, don't turn away
Memories, shine like stars
I still feel you in my arms
Don't you know, You're all I need
Without your love i can't be free
Oh love can last forever
If you stay with me
Hold me close don't leave me
Love is all we need
Don't break my heart
Don't say goodbye
Stay with me don't let us die
With a little hope we'll find a way
Take my hand, don't turn away
