

Loreley – Lord Of The Lost

She knows her grief
Is a beast
That kills from inside
She lifts the souls
From their home
At aerial high tide
No moments alone, no sorrow to share
In search of a key you know is not there
Oh no, loreley,
Oh no, loreley
With arms to the sky
And dreams in the dirt
Being stronger than death
Does not heal the hurt
Oh no, loreley,
Oh no, loreley
Loreley
Cry loreley, cry for Eden loreley
Cry loreley, cry for Eden loreley
She's starved of light
No respite
Each breath's a burden
Time can't reverse
Her grim curse
Of life eternal
No moments alone, no sorrow to share
In search of a key you know is not there
Oh no, loreley,
Oh no, loreley
Cry loreley, cry for Eden loreley
Cry loreley, cry for Eden loreley
Scream for me
Scream for me
Scream for me
Scream for me
Cry loreley, cry for Eden loreley

Cry loreley, cry for Eden loreley
Cry loreley, cry for Eden loreley
Cry for Eden, Loreley
Loreley,
Loreley
