

Is it love – Loreen

You'll find me in the echo of the dark
Workin' on the riddle of your heart
Lost here in the maze, now let me out
Is it love, is it love, is it love?
I got a warning, I got a sign
Will you call me or will you hide?
There's a shadow in my mind
How do I know it?
Is it love?
Tell me what can your heart give mine now
Is it love? Is it love? Is it love?
Tell me, what do you feel in the night?
Is it love? Is it love? Is it love?
Is it love? Is it love?
Tell me, how do you sleep when
I'm right by your side?
Is it love? Is it love? Is it love?
You'll find me in the middle of the sea
Drownin' in the words that we don't speak
Bring me out, don't leave me in the deep
Is it love, is it love, is it love?
I got a warning, I got a sign
Will you call me or will you hide?
There's a shadow in my mind
How do I know it? Is it love?
Tell me what can your heart give mine now
Is it love? Is it love? Is it love?
Tell me, what do you feel in the night?
Is it love? Is it love? Is it love?
Is it love? Is it love?
Tell me, how do you sleep
When I'm right by your side?
Is it love? Is it love? Is it love?
