

# When We're High – LP

There was a time there was a life  
I was inside my head  
Then finally I rested in your bed  
The bars the dives the worst of vibes  
I thought had come to pass  
But still I couldn't seem to make it last  
I'd swallow the moon and the stars  
To follow the beat of your heart  
When we're high  
Oh my god you blow my mind  
So let's get high  
Live until we die  
You and I  
Let's just do it one more time  
A million times  
Let's get high  
Live until we die  
A state of mind collected like  
A slowly wound bouquet  
With memories of our favorite nights and days  
Let's swallow the moon and the stars  
Let's wallow just right where we are  
When we're high  
Oh my god you blow my mind  
So let's get high  
Live until we die  
You and I  
Let's just do it one more time  
A million times  
Let's get high  
Live until we die  
You blow my mind  
You blow my mind  
Oh my my kiss the sky  
Jimmy baby you were right  
She's so fine

Hips don't lie  
Hit me baby one more time  
Go ahead and insert any random ass line  
Go ahead  
Cause when we're high  
Oh my god you blow my mind  
So let's get high  
Live until we die  
You and I  
Let's just do it one more time  
A million times  
Let's get high  
Live until we die  
You blow my mind  
Live until we die
