

# So sad so sexy – Lykke Li

Open your eyes  
I'm right in front of you  
Open your eyes  
Open your eyes  
I'm walking out on you  
For the last time  
I keep my heart aching  
Why do we keep faking?  
I was only lying when I looked in your eyes  
I'm crying diamonds like a river inside  
And it's so sad, so sexy  
So sad, so sexy  
I was only lying when I looked in your eyes  
Now I'm lying with you one last time  
And it's so sad, so sexy  
So sad, so sexy  
Don't turn around  
I'm not the one for you  
Don't turn around  
I (I) keep my heart aching  
Why don't have the guts to break it?  
I was only lying when I looked in your eyes  
I'm crying diamonds like a river inside  
And it's so sad, so sexy  
So sad, so sexy  
I was only lying when I looked in your eyes  
Now I'm lying with you one last time  
And it's so sad, so sexy  
So sad, so sexy  
So sad, so sexy  
So sad, so sexy  
So sad, so sexy  
Our love was a slow dance (slow dance)  
Slow, I dance, but I don't feel it  
Darling,  
I was only lying when I looked in your eyes

I'm crying diamonds like a river inside  
And it's so sad, so sexy  
So sad, so sexy  
I was only lying when I looked in your eyes  
Now I'm lying with you one last time  
And it's so sad, so sexy  
So sad, so sexy  
So sad, so sexy  
So sad, so sexy  
So sad, so sexy
