

Surf – Mac Miller

Yeah, yeah

Hey, hey, hey

Hey, hey, hey

Hey, hey, hey

Hey, hey

Said

Where are you goin'? Can I come too?

The whole world is open,

A playground for me and you

And we could be fine, shit,

Who the hell knows?

It's your eyes and your ears and your mouth

And your nose

Head and your shoulders,

Your knees and your toes

I dream of this moment

Will it come true?

The whole world, they know it

They just waitin' for me and you

And she, just like I

Got her head in the clouds

Don't need to be lower

Before it's all over,

I promise we'll figure it out

I ain't comin' down

Why would I need to?

So much of this world is above us, baby

They might tell you that I went crazy

I'm just tryna read you

Ooh, ooh, oohh

Ooh-ooh-oohh

I know we try

And the days, they go by

Until we get old

There's water in the flowers, let's grow

People, they lie

But hey, so do I
Until it gets old
There's water in the flowers, let's grow
[Post-Chorus]
Let it go, let it be
We're all we need today
Let it go, let it be
Mmm, mmm, mmm, mmm
Yeah, well
Sometimes I get lonely
Not when I'm alone
But it's more when I'm standin' in crowds
That I'm feelin' the most on my own
And I know that somebody knows me
I know somewhere there's home
I'm startin' to see that all I have to do is
Get up and go
Goin', goin', goin' before I'm gone
Gotta get goin', goin', goin' before I'm gone
Ayy, and I know we try
Days, they go by
Until we get old
There's water in the flowers, let's grow
People, they lie
But hey, so do I
Until it gets old
There's water in the flowers, let's grow
