

# You're still everything – Madison Beer

They say, "You'll get used to it"  
But it never goes away  
If I, I get through this (mm)  
I'll never be the same  
It's hard to explain  
Like colors and pain  
Oh, everything changes  
Look what I became  
I only exist  
in the moments you're talking to me  
If we can't be together,  
Then I'll just go back to sleep  
Wish I was something to you,  
baby, you're everything to me (mm-mm)  
I tried to save us  
, but there's only so much I can do (so much)  
And I'm not perfect,  
But I've never stopped loving you  
(So) how am I nothing to you,  
while you're still everything to me? (Mm)  
Who knows where you are tonight  
I'm sleeping here alone  
If she's in your arms tonight  
I'll never need to know  
It's hard to explain  
Like colors and pain  
Oh, everything changes  
Look what you have made  
I only exist in the moments  
You're talking to me  
If we can't be together,  
Then I'll just go back to sleep  
Wish I was something to you, baby,  
you're everything  
to me (mm)  
I tried to save us,

but there's only so much I can do (so much)  
And I'm not perfect,  
But I've never stopped loving you  
(So) how am I nothing to you,  
While you're still everything to me? (Mm)  
How am I nothing to you? (To me)  
How am I nothing to you? (To me)  
How am I nothing to you? (To me)  
To me  
I tried to save us,  
but there's only so much I can do  
And I'm not perfect,  
but I've never stopped loving you  
How am I nothing to you,  
while you're still everything  
to me?
