

Inside of Me – Madonna

I can't stop thinking of you
The things we used to do
The secrets we once shared
I'll always find them there
In my memories
But this heartache isn't going anywhere
In the public eye I act like I don't care
When there's no one watching me
I'm crying
I will always have you, inside of me
Even though you're gone
Love still carries on
Love, inside of me
I keep a picture of you
Next to my bed at night
And when I wake up scared
I know I'll find you there
Watching over me
When my world seems to crumble all around
And foolish people try to bring me down
I just think of your smiling face
And I'm flying
I will always have you, inside of me
Even though you're gone
Love still carries on
Love, inside of me
You'll always be inside of my heart
Inside of me
When my world seems to crumble all around
And foolish people try to bring me down
I just think of your smiling face
And I'm flying
I will always have you, inside of me
Even though you're gone
Love still carries on
Love, inside of me

I will always have you, inside of me
Even though you're gone
Love still carries on
Love still carries on
You'll always be inside of my heart
I'll always have you inside of me
(I will always have you)
