

# What It Feels Like – Maia Reficco, Alex Hoyer

When you dream do you see  
You and me in your imagination  
I see bright color skies  
Come to life in animation, yeah  
Tell me, what this is?  
Let's put our name on it  
I'm feel strange  
I don't know why?  
You've got my heart breaking  
So waking need shaking  
World changing  
Feels a lot like love (Oh wha)  
Feels a lot like love  
Yeah, it's mind trapping  
Beats stopping eyes throbbing  
In looking  
Feels a lot like love (Oh wha)  
Feels a lot like love (Oh wha)  
Tell me, is this love?  
That's what it feels like  
I'm afraid  
If we save the world today  
Then everything changing (I know)  
It's love can burn sometimes  
(Want not getting hurt)  
And hurts (Wanna be good)  
But I'm, in sur  
Then you're not playing  
I know, what this is?  
Let's put our name on it  
I'm feel strange  
I why know why?  
You've got my heart breaking  
So waking need shaking  
World changing  
Feels a lot like love (Oh wha)

Feels a lot like love  
Yeah, it's mind trapping  
Beats stopping eyes throbbing  
In looking  
Feels a lot like love (Oh wha)  
Feels a lot like love (Oh wha)  
Tell me, is this love?  
That's what it feels like  
Tell me, is this love?  
That's what it feels like  
Oh, I don't, I don't know  
So, can you tell me  
What it feels like  
Oh, I don't, I don't know  
So, can you tell me  
What it feels like  
(Can you tell me, what it  
Feels like)  
You'd got my heart breaking  
So waking need shaking  
World changing  
Feels a lot like love (Oh wha)  
Feels a lot like love  
Yeah, it's mind trapping  
Beats stopping eyes throbbing  
In looking  
Feels a lot like love (Oh wha)  
Feels a lot like love (Oh wha)  
Tell me, is this love?  
That's what it feels like  
Tell me, is this love?  
That's what it feels like
