

# Key of live (sam podkład) – Maia Reficco

A song is written on the pages  
But the music's how you play it  
If I close my eyes and listen  
I can hear my own rhythm  
Be this, be this  
I won't let it fade  
I'll sing it my way  
I'm not changing (hey)  
How I'm playing (hey)  
I'm creating (hey)  
In the key of life  
I'm living (hey)  
What I've been given (hey)  
Lose or winnin' (hey)  
In the key of life  
I'm not afraid  
'Cause everything sounds better  
When it's played  
In the key of life  
A melody will just be noises  
If we're not using our own voices  
Doesn't need to be perfection  
For my symphony to happen  
Now, now  
There's no time to waste  
I got noise to make  
I'm not changing (hey)  
How I'm playing (hey)  
I'm creating (hey)  
In the key of life  
I'm living (hey)  
What I've been given (hey)  
Lose or winnin' (hey)  
In the key of life  
I'm not afraid  
'Cause everything sounds better

When it's played  
In the key of life, ohh  
This is my own life to play  
So I'm gonna play it my own way  
I'm not changing (hey)  
How I'm playing (hey)  
I'm creating (hey)  
In the key of life  
I'm living (hey)  
What I've been given (hey)  
Lose or winnin' (hey)  
In the key of life  
I'm not afraid  
'Cause everything sounds better  
When it's played  
In the key of life
