

# Love Dream – Maia Reficco

What's in my mind  
I don't wanna say  
It's embarrassing  
Daydreaming this way  
Now, my eyes are closing  
It's your hand I'm holding  
And we're never coming down  
Yeah, we could be good, so good  
If we were together  
We should, we should  
Hang out to the air  
And go high  
And let's just go high  
And we could be good, so good  
If we were together  
If we were together  
My feet leave the ground  
When I'm next to you  
And oh, wanna know  
As I better be  
We're rising above it  
It's wild and I love it  
And we're never coming down  
Yeah, we could be good, so good  
If we were together  
We should, we should  
Hang out to the air  
And go high  
And let's just go high  
Yeah, we could be good, so good  
If we were together  
Yeah, if we were together  
(Don't you like me?)  
If we were together  
(From this love dream)  
If we were together

(Don't you like me?)  
If we were together  
(From this love dream)  
Now my eyes are closing  
It's you're hand I'm holding  
And we're never coming down  
Oh, we could be good, so good  
If we were together  
We should, we should  
Hang out to the air  
And go high  
And let's just go high (just go high)  
Yeah, we could be good, so good  
If we were together  
If we were together  
If we were together  
If we were together  
'Cause here we are together, babe  
(From this love dream)  
'Cause here we are together, babe  
(Don't you like me?)  
Don't you wake me up  
(From this love dream)  
Don't you wake me  
Don't you wake me up
