

# Daring To Love (Original Mix) – Majówka 2026

## Ciaran McAuley & Susana

I'm better off, alone  
Alone  
Loved and lost one too many times  
Made a vow to never let myself forget  
Love is a battlefield  
And I'm better off, alone  
But then you wake up next to me  
Suddenly love feels, less scary  
I can't help but fall for you  
For you I break all my rules  
You leave me no choice  
For you I'm healing my heart  
For you I'm daring to love  
All over again  
Daring to love, daring to love  
I'm daring to love for you  
All over again  
All over  
All over again  
I can't help but fall for you  
For you I break all my rules  
You leave me no choice  
For you I'm healing my heart  
For you I'm daring to love  
All over again  
Daring to love, daring to love  
I'm daring to love for you  
All over again
