## **Heart of Steel - Manowar**

Build a fire a thousand miles away

To light my long way home

I ride a comet

My trail is long to stay

Silence is a heavy stone

I fight the world and take all they can give

There are times my heart hangs low

Born to walk against the wind

Born to hear my name

No matter where I stand I'm alone

Stand and fight

Live by your heart

Always one more try

I'm not afraid to die

Stand and fight

Say what you feel

Born with a heart of steel

Burn the bridge behind you

Leave no retreat

There's only one way home

Those who laugh and crowd the path

And cut each other's throats

Will fall like melting snow

They'll watch us rise with fire in our eyes

They'll bow their heads

Their hearts will hang low

Then we'll laugh and they will kneel

And know this heart of steel was

Too hard to break

Too hard to hold

Stand and fight

Live by your heart

Always one more try

I'm not afraid to die

Stand and fight

Say what you feel

Born with a heart of steel Born with a heart of steel

Stand and fight
Say what you feel
Born with a heart of steel
Stand and fight
Live by your heart
Always one more try
I'm not afraid to die
Stand and fight
Say what you feel
Born with a heart of steel
