

Cool Me Down – Margaret

Ready, aim and fire your gun
Nothing can cool me down
Wine on Venus, hot like the sun
Whoa, nothing can cool me down
Got my high stilettos on fleek
Nothing can cool me down
See the shadows dancing on me
No nothing can cool me down

And before the night is over
Imma light a spark and let the crazy out
I'm your goddess, on your knees
Down da-da-down da-down

I'm hotter than fire
Water can't cool me down
Water can't cool me do-o-wn
Oo oo! Oo oo!
I'm dancing like flames
And nothing can cool me down
Watch me I run this to-o-own
Oo oo, o
No water can't cool me
Down da-da-down da-da-down
Down da-down
No water can't cool me

There's no need to call 911
Nothing can cool me down
If you do, you're spoiling the fun
Whoa nothing can cool me down

And before ya, begging please
Imma light a spark and let the crazy out
I'm your goddess on your knees
Down da-da-down da-down

I'm hotter than fire
Water can't cool me down
Water can't cool me do-o-own
Oo oo! Oo oo!
I'm dancing like flames
And nothing can cool me down
Watch me I run this to-o-own
Oo oo, o
No water can't cool me
Down da-da-down da-da-down
Down da-down
No water can't cool me
Down da-da-down da-da-down
Down da-down
No water can't cool me

I love the way that you want it,
Come get it like you own it
Yeah yeah we blaze even brighter
When being two

I'm hotter than fire
Water can't cool me down
Water can't cool me do-o-own

I'm hotter than fire, water can't cool me down
Water can't cool me do-o-own,
Oo oo! Oo oo!
I'm hotter than a fire
Water can't cool me do-o-wn
Oo oo! Oo oo!
I'm dancing like flames
And nothing can cool me down
Watch me I run this to-o-own
Oo oo, o
No water can't cool me
Down da-da-down da-da-down
Down da-down
No water can't cool me

Down da-da-down da-da-down
Down da-down
No water can't cool me
Down da-da-down da-da-down
Down da-down
No water can't cool me
Down da-da-down da-da-down
