

The Star – Mariah Carey

One dark night
Something said, "Follow the light"
So you look up and see the word
That's written upon the sky
Strong and wise
Keeping the Lord as your guide
And through the doubt, you realize
He's with you all the while

Follow that star above you
Should the world try to break you down
There is one who waits for you
Though you can't see him now
Thunder and rain surrounds you
But His love's just a breath away
If you follow your heart, follow the light
Follow that star

Follow your heart, it's Christmas
Follow your heart, it's Christmas

Shining bright The spirit of love at first sight
And when the door won't welcome you
Heaven will help you inside
Gathered 'round
Bearing the gifts to the crown
A miracle comes, the babe is born
And angels are heard on high

Follow that star above you
Should the world try to break you down
There is one who waits for you
Though you can't see him now
Thunder and rain surrounds you
But His love's just a breath away
If you follow your heart, follow the light

Follow that star

Follow your heart, it's Christmas

Follow your heart, it's Christmas

Follow that voice you heard that no one else believed

Follow the dream that brought the King on Christmas Eve

Oooooohh Follow that star above you

Should the world try to break you down

There is one who waits for you

Though you can't see him now

Thunder and rain surrounds you

But His love's just a breath away

If you follow the voice, follow the song

Follow the word that makes you strong

Follow your heart, follow the light

Follow that star
