

# Lucky Strike – Maroon 5

You're such a motivator, gotta get your way  
So sick of saying yes sir, yes sir  
You're such an instigator, you wanna play the game  
Take it or leave it, that's her, that's her

And I can't wait another minute  
I can't take the look she's giving  
Your body rocking, keep me up all night  
One in a million  
My lucky strike

Got me so high, and then she dropped me  
But she got me, she got me, she got me bad  
Took me inside and then she rocked me  
She keep me up all night, this is what it sounds like

Oh oh oh my lucky strike  
Oh oh oh my lucky strike  
Your body rocking, keep me up all night  
One in a million, my lucky strike

Stuck in her elevator, she take me to the sky  
And I don't wanna go down, go down  
She said I'll feel you later, go ahead and fantasize  
She make me want her right now right now

And I can't wait another minute  
I can't take the look she's giving  
Your body rocking, keep me up all night  
One in a million  
My lucky strike

Got me so high, and then she dropped me  
But she got me, she got me, she got me bad  
Took me inside and then she rocked me  
She keep me up all night, this is what it sounds like

Oh oh oh my lucky strike  
Oh oh oh my lucky strike  
Your body rocking, keep me up all night  
One in a million, my lucky strike

Hey, you're taking all my pain away  
You're shaking like an earthquake  
Hey, you're taking all my pain away  
You're shaking like an earthquake

Got me so high, and then she dropped me  
But she got me, she got me, she got me bad  
Took me inside and then she rocked me  
She keep me up all night, this is what it sounds like

Oh oh oh my lucky strike  
Oh oh oh my lucky strike  
Your body rocking, keep me up all night  
One in a million, my lucky strike

My lucky strike, my lucky strike  
Your body rocking, keep me up all night  
One in a million
