## **Beauty is Empty - Mars Argo**

Mirror, mirror on the wall Who's the fairest of them all? She can bring you to your knees But she's hard to please "Oh my God, I'm so surprised to see you! I'm so glad to finally meet you!" She'll swallow him with those big Blue eyes I see you staring in your mirror What will it take for you to see? Your pretty smile is a monster And your beauty is empty If you could see what you could be, girl You wouldn't be dishonest to me, girl Your mystery doesn't fool me I see you staring in your mirror What will it take for you to see? Your pretty smile is a monster And your beauty is empty I see you staring in your mirror What will it take for you to see? Your pretty smile is a monster And your beauty is empty I see you staring in your mirror What will it take for you to see? Your pretty smile is a monster And your beauty is empty I don't want to worry about it I can't sleep, I'll think about it I don't want to worry about it I can't sleep, I'll dream about it You're on your own Your own Your own, now
