

# Spotlight – Marshmello ft. Lil Peep

Loving you is like a fairytale  
I just can't pick up  
The phone again  
This time I'll be on mu own  
My friend  
One more time  
I'm all alone again

Sex with you is like  
I'm dreaming  
And I just wanna hear you  
Scream again  
Now you're gone  
I can't believe that

Time I spent with you  
Deceiving me  
I don't care if you believe in me  
I still wonder why  
You're leaving me  
I don't care if you believe in me  
I still wonder why  
You tease me

And if I'm taking this  
The wrong way  
I hope you know that  
You can tell me whatever you're thinking  
It's when you put me in the spotlight

I hope you know I'm faded  
All of this liquor I;m drinking  
And if I'm taking this  
The wrong way  
I hope you know that  
You can tell me whatever you're thinking

It's when you put me in the spotlight

When the moon hit your skin  
I could see you and him  
Not you and me  
But it's just you and me

When the sun shines above me  
You wake up with the one you love  
Not you and me  
But it's just you and me

Sex with you is like  
I'm dreaming  
And I just wanna hear you  
Scream again  
Now you're gone  
I can't believe that

I spent with you  
Deceiving me  
I don't care if you believe in me  
I still wonder why  
You're leaving me

I don't care if you believe in me  
I still wonder why  
You tease me

I hope you know I'm faded  
All of this liquor I'm drinking  
And if I'm taking this  
The wrong way  
I hope you know that  
You can tell me whatever you're thinking

It's when you put me in the spotlight
