

The hunter – Mastodon

All the love I've shown
Given to the ones I've known
All the love I make
Is equal to the love I take
All the life I've known
Given to the life I've shown
Along the way
Free from it all
Breathe in the darkest fall
We laugh and cry
Through a brother's eyes for now
Through fire embers glow
Haunted I lift the stone
Letting go your spirit flies
All the love I've shown
Given to the ones I've known
All the love I make
Is equal to the love I take
The light is fading fast
Be careful of the ones you left
Along the way
Free from it all
Breathe in the darkest fall
We laugh and cry
Through a brother's eyes for now
Through fire embers glow
Haunted I lift the stone
Letting go your spirit flies
His thorns are on the road
His thorns are on the road
In the morning light
The sparrow flies
When the moon devours us The planet dies
Free from it all
Breathe in the darkest fall
We laugh and cry

Through a brother's eyes for now
Through fire embers glow
Haunted I lift the stone
Letting go your spirit flies
