

Baby I'm a fool – Melody Gardot

How was I to know that this was always
Only just a little game to you?
All the time I felt you gave your heart
I thought that I would do the same for you,
Tell the truth I think I should have seen it coming
From a mile away,
When the words you say are:
“Baby I’m a fool who thinks it’s cool to fall in love”
If I gave a thought to fascination I would know
It wasn’t right to care,
Logic doesn’t seem to mind that I am fascinated
By a love affair
Still my heart would benefit from a little tenderness
From time to time,
But never mind, ‘Cause Baby I’m a fool who thinks
It’s cool to fall in love

Baby I should hold on just a moment
And be sure it’s not for vanity,
Look me in the eye and tell me love is never
Based upon insanity,
Even when my heart is beating,
hurry up the moment's fleeting,
Kiss me now, don’t ask me how,
'Cause baby I’m a fool who thinks it’s cool to fall,
Baby I’m a fool who thinks it’s cool to fall,
And I would never tell if you became a fool and fell in
Love
