

# Fool – Memphis May Fire

You left without a clue  
And now I'm stuck here  
Picking up the pieces  
Blindsided by the truth  
I couldn't see  
Because you were my weakness  
My honest heart in the palm of your hand  
You crushed it  
Oh, you crushed it  
I gave you all that I had  
All I am  
Was it nothing?  
I thought I'd come back to find  
That you'd been waiting  
But I was wrong  
And you moved on  
What are you chasing?  
I'm such a fool  
Now you're just a ghost  
Haunting all the space around me  
The thought of letting go  
It pulls me under  
I think I'm drowning  
My honest heart in the palm of your hand  
You crushed it  
Was it nothing?!  
I thought I'd come back to find  
That you'd been waiting  
But I was wrong  
And you moved on  
What are you chasing?  
I hope you find what you're looking for,  
For me it was always you  
Yeah  
I thought I'd come back to find  
That you'd been waiting

I'm such a fool  
I NEVER THOUGHT THAT YOU'D BE CAPABLE OF  
SOMETHING LIKE (THIS)  
My honest heart in the palm of your hand  
You crushed it  
YOUR LIVING ROOM IS A BUNCH OF  
(MEMORIES OF REGRET!)  
I gave you all that I had  
All I am  
Was it nothing?  
Was it nothing?  
I thought I'd come back to find  
That you'd been waiting  
But I was wrong  
And you moved on  
What are you chasing?  
(What are you chasing?)  
I hope you find what you're looking for,  
For me it was always you  
Yeah  
I thought I'd come back to find  
That you'd been waiting  
I'm such a fool  
I'm such a fool  
I'm such a fool
