

# You and Me – Memphis May Fire

I never could figure it out  
All your insecurities and your doubts  
Maybe you thought  
That I'd turn into someone else  
But I stayed the same  
All that changed  
Was the way that you felt  
I don't wanna hold you back anymore,  
No  
And you don't wanna live with the guilt  
Of leaving me behind,  
No  
You know I'd be lying if I said  
That we were meant to be  
So let's just move on  
And say goodbye  
To you and me

I'm so tired of hanging on  
(Hanging on)  
To everything I thought we had  
I was so wrong  
There's nothing left here to fight for  
We've both been bled dry  
Stop wasting time  
Yours and mine  
'Cause God knows we tried  
(God knows we tried)  
I don't wanna hold you back anymore,  
No  
And you don't wanna live with the guilt  
Of leaving me behind, no  
You know I'd be lying if I said  
That we were meant to be  
So let's just move on  
And say goodbye

To you and me

You and me

(instrumental)

I don't wanna hold you back anymore,

No

And you don't wanna live with the guilt

Of leaving me behind,

No

I don't wanna hold you back anymore,

No

(I don't wanna hold you back)

And you don't wanna live with the guilt

Of leaving me behind, no

(Leaving me behind)

You know I'd be lying if I said

That we were meant to be

(That we were meant to be)

So let's just move on

And say goodbye

To you and me

To you and me

So let's just move on

And say goodbye

To you and me
