Nothing Else Matters - Metallica

So close no matter how far Couldn't be much more from the heart Forever trusting who we are And nothing else matters Never opened myself this way Life is ours, we live it our way All these words I don't just say And nothing else matters Trust I seek and I find in you Every day for us something new Open mind for a different view And nothing else matters Never cared for what they do Never cared for what they know But I know So close no matter how far Couldn't be much more from the heart Forever trusting who we are And nothing else matters Never cared for what they do Never cared for what they know But I know Never opened myself this way Life is ours, we live it our way All these words I don't just say And nothing else matters Trust I seek and I find in you Every day for us

Open mind
for a different view
And nothing else matters
Never cared for what they say
Never cared for games they play
Never cared for what they do
Never cared for what they do
Never cared for what they know
And I know
So close no matter how far
Couldn't be
much more from the heart
Forever trusting who we are
No nothing else matters
