

Psycho – Mia rodriguez

I'll wear all pink to your white wedding
I'll dance all night
And do something upsetting
I'll laugh when you kick me out
It's been the third time already
Running home, I laugh alone
At least I stole the show
Part of me wanna to do stupid shit
Gotta admit, I'm a hypocrite
I like it way better
Than being on the side of it
I'm a psycho, loving it
Part of me wanna to do stupid shit
Gotta admit, I'm a hypocrite
I like it way better
Than being on the side of it
I'm a psycho, loving it
Can't wait to hear what they call me
Call me names and make up all these stories
I would kill for a life that ain't boring
I'm lots of things but not sorry
Running home, I laugh alone
At least I stole the show
Part of me wanna to do stupid shit
Gotta admit, I'm a hypocrite
I like it way better
Than being on the side of it
I'm a psycho, loving it
Part of me wanna to do stupid shit
Gotta admit, I'm a hypocrite
I like it way better
Than being on the side of it
I'm a psycho, loving it
Time of my life
We're all just skeletons
Just joining the fight for the adrenaline

The time of my life
We're all just skeletons
Just joining the fight
Joining the fight
Part of me wanna to do stupid shit
Gotta admit, I'm a hypocrite
I like it way better than
Being on the side of it
I'm a psycho, loving it
Part of me wanna to do stupid shit
Gotta admit, I'm a hypocrite
I like it way better than
Being on the side of it
I'm a psycho, loving it
I'm a psycho, loving it
