

Wonders – Michael Patrick Kelly

I know I know
That you can't see your tomorrow today
Will you let go, let go?
Can I hold you, can I make it feel okay?
You're coming alive, coming alive
Cry a tear of joy, cry a tear of pain
You're coming alive, coming alive
Beauty's gonna wipe the fear away
I see wonders, wonders in a broken world
Hidden under, under, underneath the dirt
Wonders, wonders in a broken world
Tell me do you see what I see?
Wonders, wonders in a broken world
Getting stronger for every boy and girl
Wonders, wonders in a broken world
Tell me do you see what I see?
So deep in doubt
And I know just how you feel in that place
But take a look around
There's a million little sparks of a
Golden age
We're coming alive, coming alive
Cry a tear of joy, cry a tear of pain
We're coming alive, coming alive
Beauty's gonna wipe the fear away
I see wonders, wonders in a broken world
Hidden under, under, underneath the dirt
Wonders, wonders in a broken world
Tell me do you see what I see?
Wonders, wonders in a broken world
Getting stronger for every boy and girl
Wonders, wonders in a broken world
Tell me do you see what I see?
Can you see what I'm seeing?
Or are you distracted by the
Poverty-stricken streets

And deep depression that we in?
I see survivors of the worst
Conditions to be in
You see deceiving the demons
The death and the grieving
No place to raise a seed in
But the rose still grows through the
Crack left in the cement
Just as pleasant as Eden where
Wonders succeed in
And greed and oppression's the
Reason people unite
Even give their life
Expressing what they believe in
I see wonders, wonders in a broken world
Hidden under, under, underneath the dirt
Wonders, wonders in a broken world
Tell me do you see what I see?
Wonders, wonders in a broken world
Getting stronger for every boy and girl
Wonders, wonders in a broken world
Tell me do you see what I see?
I see wonders all around the world
Signs and wonders all around the world
I see wonders all around the world
Signs and wonders
Tell me do you see what I see?
