

Bottom of the ocean – Miley Cyrus

It's been in the past for awhile
I get a flash and I smile
Am I crazy?
Still miss you baby
It was real
It was right
But it burned too hot to survive
All that's left is all these ashes

Where does the love go
I don't know
When it's all said and done
How could I be losing you forever
After all the time we spent together
I have to know why I had to lose you
Now you just become like everything
I'll never find again
At the bottom of the ocean

In a dream you appeared
For awhile you were here
So I keep sleeping
Just to keep you with me
I'll draw a map, connect the dots
With all the memories that I got
What I'm missing, I'll keep reliving

Where does love go
I don't know
When it's all said and done
How could I be losing you forever
After all the time we spent together
I have to know why I had to lose you
Now you just become like everything
I'll never find again
Aat the bottom of the ocean

This is it

Let go

Breathe

You don't have to love me for me to, baby, ever understand
Just know all of the time that we both had
And I don't ever wanna see you sad
Be happy

I don't wanna hold you
If you don't wanna tell me
You love me, babe
Just know I'm gonna have to walk away
I'll be big enough for both of us to say
Be happy

Dodododododo
(Be happy)
Dodododododo
(Be happy)
Dodododododo
Be happy
