

Midnight Sky – Miley Cyrus

La, la, la-la, la

Yeah, it's been a long night and the mirror's telling me to go home
But it's been a long time since I felt this good on my own
Lotta years went by with my hands tied up in your ropes
Forever and ever, no more

The midnight sky is the road I'm takin'
Head high up in the clouds

I was born to run, I don't belong to anyone, oh no
I don't need to be loved by you
Fire in my lungs, can't bite the devil on my tongue, oh no
I don't need to be loved by you
See my lips on her mouth, everybody's talkin' now, baby
Ooh, you know it's true
Yeah, that I was born to run, I don't belong to anyone, oh no
I don't need to be loved by you

La, la, la-la, la

She got her hair pulled back 'cause the sweat's drippin' off of her face
Said, "It ain't so bad if I wanna make a couple mistakes"
You should know right now that I never stay put in one place
Forever and ever, no more

The midnight sky is the road I'm takin'
Head high up in the clouds

I was born to run, I don't belong to anyone, oh no
I don't need to be loved by you
Fire in my lungs, can't bite the devil on my tongue, oh no
I don't need to be loved by you
See my lips on her mouth, everybody's talkin' now, baby
Ooh, you know it's true
Yeah, that I was born to run, I don't belong to anyone, oh no

I don't need to be loved by you

Oh

I don't hide blurry eyes like you

Like you

I was born to run, I don't belong to anyone, oh no

I don't need to be loved by you

Fire in my lungs, can't bite the devil on my tongue, you know

I don't need to be loved by you

See his hands 'round my waist, thought you'd never be replaced, baby

Ooh, you know it's true

Yeah, that I was born to run, I don't belong to anyone, oh no

I don't need to be loved by you

Yeah!

La, la, la-la, la

La, la

You know it's true, you know it's true

Loved by you
