

Day after day – MILLENIUM

I am, the one, who can't see myself
Tonight, it's cold, it's raining outside there
I know, the truth, that you can't free yourself
Of all the cheats and sadness
And turn it into love

Day after day
Night by to night
I've been waiting to love again
Day after day
Night by to night
Love is waiting inside your heart

Day after day
Night by to night
I've been waiting to love again
Day after day
Night by to night
Love is waiting inside your heart

Na na na na na na na na na na (x4)

Someday, somehow, we'll have to say good bye
To you, and me, to fates we align
You are, the one, yes all because of you
All the things you feel well, they turn into love

Day after day
Night after night
I've been waiting to love again
Day after day
Night after night
Love is waiting inside your heart

Day after day
Night after night

I've been waiting to love again
Day after day
Night after night
Love is waiting inside your heart

Na na na na na na na na na na na (x8)
