

Nothing Hurts – Minelli

Closure

Closure's all I need now that it's over

'Cause I ain't over you

And I told you

Told you that I need time on my own, yeah

Now it's done for good

Don't try to hold me

It's making it worse

Oh, and don't try to kiss me

That ain't how it works

I need you gone, gone

Won't be here to wait for my turn

You should know that

Nothing hurts like you do

I knew you were bad news

Moment that I met you, yeah, I knew

Oh baby nothing hurts like you do

I'm crying in the bathroom

Listening to sad tunes, yeah, it's true

Baby, nothing hurts like you do

Do do do do do do do do do

Yeah, I knew

Oh baby nothing hurts like you do

Do do do do do do do do do

Yeah, it's true

Out of focus

Cant see straight,the heartbreak got me froze

Frozen over you

And now I replay

Memories in my mind and all the moments

I fell back to you

Don't try to hold me

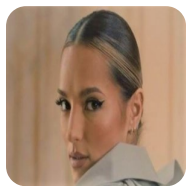

It's making it worse

Oh, and don't try to kiss me

That ain't how it works

I need you gone, gone

Won't be here to wait for my turn
You should know that
Nothing hurts like you do
I knew you were bad news
Moment that I met you, yeah, I knew
Oh baby nothing hurts like you do
I'm crying in the bathroom
Listening to sad tunes, yeah, it's true
Baby, nothing hurts like you do
Do do do do do do do do do
Yeah, I knew
Oh baby nothing hurts like you do
Do do do do do do do do do
Yeah, it's true
Oh, nothing hurts like
When you told me in the morning
You been having doubts
Yeah, you loved me then
But you don't love me now
Baby nothing hurts like you do
I'm crying in the bathroom
Listening to sad tunes, yeah it's true
Ooh, nothing hurts like you do
