

Moonlight Blue – Miracle Of Sound ft. Sharm

Moonlight blue
Grace in the glimmering
Stars are glowing anew
Rings dim
Painting the pale moon
Fates frozen in time, time
Stars skim
Light on the old runes
Come now see them align
With a watchful gaze on the skyline
We look to the sweep of the stars
My friend through many long lifetimes
I guide your way from afar
Moonlight blue
Grace in the glimmering
Stars are glowing anew
Moonlight blue
Fates in the shimmering
Such a beautiful hue
Here's to you
You stand
A friend through the ages
True-hearted and stern, stern
New hands
Clasped in the changes
Rules compel you to turn
And the ghosts they lie under roots deep
Where golden tresses decay
The marks still burned in the still sleep
Of those I had to betray
Moonlight blue
Grace in the glimmering
Stars are glowing anew
Moonlight blue
Fates in the shimmering
Such a beautiful hue

Here's to you
Of lupine tooth and grey hide
So long I stood by your side
We sought the stars, a new start
But on this path we soon must part
Underneath the
Moonlight blue
Grace in the glimmering
Stars are glowing anew
Moonlight blue
Fates in the shimmering
Such a beautiful hue
Moonlight blue
Grace in the glimmering
Stars are glowing anew
Moonlight blue
Fates in the shimmering
Such a beautiful hue
Here's to you
Beautiful blue
The moon shall darken over you
And on this path we'll shine anew
