

# I will follow you – Modern Talking

Oh my baby, hold me, there is only you and me

Oh, I cannot wait forever - no I cannot

Wait forever

Tell me there's a heaven and there is a

Destiny

Oh, I cannot wait forever - so I cannot

Wait forever

I will tell you baby, oh my love is real

Can't you feel it lady - feeling what I feel?

I will follow you - oh, every time and every  
minute

I will follow you - see my love is true

I will follow you - every time and every

Minute

All I want to do - is making love to you

There's no me without you, why an angel

Breaks my heart

Oh, I cannot wait forever - no I cannot

Wait forever

Please send me a rainbow, and we'll try a

Brand new start

Oh, I cannot wait forever - so I cannot

Wait forever

And beyond my tears girl - I will see your

Smile

Baby I can't wait - or wait a while

I will follow you
