I will follow you – Modern talking

Oh my baby, hold me, there is only you and me Oh, I cannot wait forever - no I cannot Wait forever Tell me there's a heaven and there is a Destiny Oh, I cannot wait forever - so I cannot Wait forever I will tell you baby, oh my love is real Can't you feel it lady - feeling what I feel? I will follow you - oh, every time and every minute I will follow you - see my love is true I will follow you - every time and every Minute All I want to do - is making love to you There's no me without you, why an angel Breaks my heart Oh, I cannot wait forever - no I cannot Wait forever Please send me a rainbow, and we'll try a Brand new start Oh, I cannot wait forever - so I cannot Wait forever And beyond my tears girl - I will see your Smile Baby I can't wait - or wait a while I will follow you
