I will follow you - Modern talking

Oh my baby, hold me, there is only you and me Oh, I cannot wait forever - no I cannot Wait forever

Tell me there's a heaven and there is a Destiny

Oh, I cannot wait forever - so I cannot Wait forever

I will tell you baby, oh my love is real Can't you feel it lady - feeling what I feel? I will follow you - oh, every time and every minute

I will follow you - see my love is true I will follow you - every time and every Minute

All I want to do - is making love to you There's no me without you, why an angel Breaks my heart

Oh, I cannot wait forever - no I cannot Wait forever

Please send me a rainbow, and we'll try a Brand new start

Oh, I cannot wait forever - so I cannot Wait forever

And beyond my tears girl - I will see your Smile

Baby I can't wait - or wait a while I will follow you
