

I'll never for in love again – Modern Talking

Heaven is for every one, if you're old or if
You're young
Baby, you can't kiss the past goodbye
When I saw her in the night cafe,
Just near by the Champs-Elysees
She looked so sad, she breaks my heart
She told me,
She will take
The car and drive to an unknown star
She falls in love with someone else, not me
And I know my tears will never dry, when
I heard her say just, goodbye
I never said she's guilty, guilty for my love
I'll never fall in love again,
I'll never fall in love again
I will never give my heart away till
My life will end
Baby, never fall in love again,
Never fall in love again
There will never be another you,
girl, please understand
It takes a woman to make a man,
sometimes it's hard to understand
She took my heart away and let me go
And I'm too shy to let her know,
She's like a rose in the snow
I wanna be her sunshine,
The sunshine to her life
I never knew,
Heaven could
Speak, but in my heart, there's a deep
There's a deep deep
Feeling,
Just for you
And I know
These tears will never dry, when

I heard her say, just goodbye
I never said, she's guilty,
Guilty for my love
I'll never fall in love again,
I'll never fall in love again
I will never give my heart
Away till my life will end
Baby, never fall in love again,
Never fall in love again
There will never be another you,
girl, please understand
I'll never fall in love again,
I'll never fall in love again
I will never give my heart
Away till my life will end
Baby, never fall in love again,
Never fall in love again
There will never be
Another you, girl,
Please understand, understand
