

Lonely Tears In Chinatown – Modern Talking

A broken heart - a pillow filled with tears
It was hot, babe, hot through all the years
Everybody needs someone to hold
Never thought that heaven can be cold
When you call me, baby, I'll be there
A penny for your thoughts - oh, take care
Lonely tears in Chinatown
Are too danger- dangerous
You can have this love for free
Lonely tears in Chinatown
Are too danger- dangerous
If you're ready, go with me
His love is
D-d-d-danger D-d-d-danger
You can have the best for me, His love is
D-d-d-danger D-d-d-danger
Come on, take the rest of me
Tonight did what It means to be so young
When two hearts are beating just as one
Our love can go a long, long way
There is nothing left for me to say
Nobody makes me crazy like you do
Take the start out of the sky for you
Lonely tears in Chinatown
Are too danger- dangerous
You can have this love for free
Lonely tears in Chinatown
Are too danger- dangerous
If you're ready, go with me
His love is
D-d-d-danger D-d-d-danger
You can have the best for me, His love is
D-d-d-danger D-d-d-danger
Come on, take the rest of me
D-d-d-danger D-d-d-danger
You can have the best for me, His love is

D-d-d-danger D-d-d-danger
Come on, take the rest of me
