

Love Is Like A Rainbow – Modern Talking

Love is like a rainbow
Love is like a rainbow
When I look into your eyes,
I can see a part of heaven
Never felt the way like this before
In my life
Love shines in many colours
Love is shining for us
Believe me that my love is real
Love is like a rainbow
Love will lift you up and let you down
Light behind the shadow will tell you that
I'll never go
If you see a rainbow in the sky
I will promise that you'll never cry again
Those tears from heaven
Every hour, every minute
I will touch you, I will feel it
Always looking for someone like you,
All my life
I cover you with sunlight
I take your hand and hold tight
If raindrops will darken the sky
Love is like a rainbow
Love will lift you up and let you down
Light behind the shadow will tell you that
I'll never go
If you see a rainbow in the sky
I will promise that you'll never cry again
Those tears from heaven
If you see a rainbow in the sky
I will promise that you'll never cry again
Those tears from heaven
We know that rainbows come and go
But our love won't slip away
Love is like a rainbow

Love is like a rainbow
Love is like a rainbow
Love will lift you up and let you down
Light behind the shadow will tell you that
I'll never go
If you see a rainbow in the sky
I will promise that you'll never cry again
Those tears from heaven
If you see a rainbow
