

EXO – Monster (English Ver.)

She got me going crazy,
Why is my heart racing?
So beautiful, you are my goddess
Such a mystery, yeah yeah
I'll knock so open up and let me in,
Such a thrill I'll give you, come with me
You've already fallen for me,
Into the look in my eyes
Don't be afraid, love is the way,
Shawty I got it, you can call me monster

I'm creeping in your heart babe,
Overturning you, breaking you down,
I'm dragging you, stealing you away,
I'm tearing you apart
Marking on it, carving on it,
So you don't forget about me
Come here girl, you call me monster
I'm forever in your heart babe

She got me going crazy,
Why is my heart racing?
(Oh yeah she got me)
And so impatiently I wait,
I'm not so gentle that's my way
(I used to hate you)
But now I really want you,
That's right, my type,
I won't lie to you anyway
It has begun, it's making me run,
I'm starting to send out a warning
Don't be afraid, love is the way,
Shawty I got it, you can call me monster

I'm creeping in your heart babe,
Overturning you, breaking you down,

I'm dragging you, stealing you away,
I'm tearing you apart
Marking on it, carving on it,
So you don't forget about me
Come here girl, you call me monster
I'm forever in your heart babe

I'm on a ride to change up your life,
I'll overturn it again,
I'm sorry you made me so crazy,
You know you do

Yeah, they'll all be frightened by me,
So I'm untouchable man,
You can't refuse me, no way,
It's the truth, so don't be lying
Hiding from you,
I'll be watching you, surprise you up (Who?)
Like an antimony,
A piece of the jigsaw puzzle of you
(How we do)
Accept me as what I am now,
Just leave'em all out,
The fears that you worry about
Look for all of the pain, that you can endure,
The rest you can simply ignore
Just play it however you like it,
I'll play it however I like it,
Don't run from me, you will be staying forever
You can call me monster

I'm creeping in your heart babe,
Overturning you, breaking you down,
I'm dragging you, stealing you away,
I'm tearing you apart
Marking on it, carving on it,
So you don't forget about me
Come here girl, you call me monster
I'm forever in your heart babe

Creeping creeping creeping, You, oh, creeping
