

# Empire – Monster High

N-n-name in the lights  
Livin' royal  
Take a look at these beautiful diamonds!  
And they're shining, and we're climbing  
To the top of this kingdom  
Nobody can stop us!  
Oh, oh, oh  
If having everything that I want is wrong  
I don't wanna be right  
Oh, oh, oh  
Sitting high on my throne  
In control  
This is some kind of life  
Empire, empire  
Reign over everything, take over everything  
Empire, empire  
Reign over everything, take over everything  
Take over the world, you and I together  
Nobody can stop us, stop us, building our  
Empire, empire  
Reign over everything, take over everything  
Empire, empire  
Building us an empire, yeah  
Empire, empire  
Building us an empire, yeah  
All I want is everything  
Cause we're kings and queens  
Why pretend to be anything less  
I'm a goddess, don't be modest  
When we run this kingdom  
It's gonna be monstrous  
Oh, oh, oh  
If having everything that I want is wrong  
I don't wanna be right  
Oh, oh, oh  
Sitting high on my throne

In control  
This is some kind of life  
Empire, empire  
Reign over everything, take over everything  
Empire, empire  
Reign over everything, take over everything  
Take over the world, you and I together  
Nobody can stop us, stop us, building our  
Empire, empire  
Reign over everything, take over everything  
Empire, empire  
Building us an empire, yeah, yeah  
Empire, empire  
Building us an empire, yeah, yeah  
We just want the power,  
the money and the power  
Take it if we got a lot of,  
Got the world towers  
We just want the power,  
the money and the power  
Stepping on you cowards,  
we got the world towers  
Empire, empire  
Reign over everything, take over everything!  
Empire, empire  
Reign over everything, take over everything!  
Take over the world, you and I together  
Nobody can stop us, stop us, building our  
Empire, empire  
Reign over everything, take over everything  
Empire
