

# What Else Is There? – Mortemia

It was me on that road  
But you couldn't see me  
Too many lights out, but nowhere near here

It was me on that road  
Still you couldn't see me  
And then flashlights and explosions  
Roads end getting nearer

We cover distance but not together  
I am the storm and I am the wonder

And the flashlights nightmares  
And sudden explosions

I don't know what more to ask for

I was given just one wish

It's about you and the sun

A morning run

The story of my maker

What I have and what I ache for

I've got a golden ear

I cut and I spear

And what else is there

Roads end getting nearer

We cover distance still not together

If I am the storm if I am the wonder

Will I have flashlights nightmares

And sudden explosion

I don't know what more to ask for

I was given just one wish

Roads end getting nearer

We cover distance but not together

I am the storm and I am the wonder

And the flashlights nightmares

And sudden explosions

There's no room where I can go and

You've got secrets too

I don't know what more to ask for

I was given just one wish
