

# Remember The Time – Nana

I remember the time The time that we had  
I remember the things that used to make you  
Mad And I wish I could turn back the time  
And I wish I wouldn't cry every night  
I remember the time Clock always tickin'  
That's no question, I did you wrong  
I must confess not my intention  
When I mention your name  
The pain I feel ashamed  
I could, I would it's only me  
I can blame My time was on,  
I had to move, no substitution  
I took the risk although  
I no conclusion Lack of  
Peace of mind to go  
The same direction  
Time is never personal  
You win or lose relationships  
That's the way how it goes  
Deeply hurt from your  
Head to your toes  
Slow mo', see you  
Dragging down the hole  
You should be Where you belong,  
In the front row I cried every day,  
Improved me behaviour  
You can't see what I see  
Tell me why are you in anger  
Forgive your enemies,  
,let the Lord be your saviour  
In God I will trust  
'Cause I know he will remember  
Join me on a ride What's the clue,  
Talk about the time you and me  
Let's go fishing, brain storm,  
I bring da vibes, shut

Your mouth, Better listen!  
Fighting everyday, still don't  
Know the definition  
Time is money and time will tell  
Sunshine in heaven, or grill in hell  
Society makes the pace, join the race 'n Obay  
One for da money, two da space, three hooray  
I wanna thank GOD, the Inventor  
Kept at least an eye on me  
And put me in the center  
I remember 1996 in December  
BOOYA is the name and NANA is a member  
I cried everyday rearranged  
My behaviour  
You can see what I see, tell me  
Forgive your enemies, let the Lord be your  
Saviour Finally he will put you through  
Because he will remember
