Soulmate - Natasha Bedingfield

Incompatible
It don't matter though
'Cause someone's bound to hear my cry
Speak out if you do
You're not easy to find

Is it possible
Mr Loveable
Is already in my life?
Right in front of me
Or maybe you're in disguise?

Who doesn't long for someone to hold? Who knows how to love you without being told? Somebody tell me why I'm on my own If there's a soulmate for everyone

Here we are again Circles never end How do I find the perfect fit There's enough for everyone, But I'm still waiting in line

Who doesn't long for someone to hold? Who knows how to love you without being told? Somebody tell me why I'm on my own If there's a soulmate for everyone

If there's a soulmate for everyone

Most relationships seem so transitory They're all good but not the permanent one

Who doesn't long for someone to hold? Who knows how to love you without being told? Oh, somebody tell me why I'm on my own If there's a soulmate for everyone

Who doesn't long for someone to hold? Who knows how to love you without being told? Somebody tell me why I'm on my own If there's a soulmate for everyone

If there's a soulmate for everyone
